Hook Mat

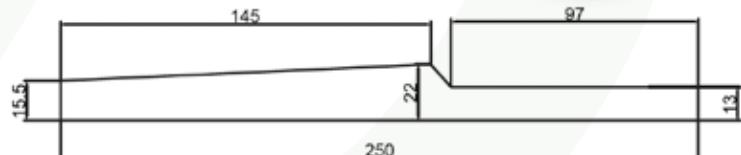

Tile Protector for Flat tile roofs

Say goodbye to broken tiles and stressful installations with the Hook Mat, your go-to Shock Absorbing Tile.

Engineered for superior durability and efficiency, the Hook Mat revolutionises how you protect and install roof tiles.

Features

- **Up to 70% Faster Installation on Flat Tiles:** Spend less time on the roof and more time enjoying your completed project.
- **No Need to Cut Tiles:** The Hook Mat eliminates the hassle of cutting flat tiles, streamlining your installation process.
- **Minimise Risk of Breakages and Costly Callbacks:** Protect your tiles and avoid expensive repairs caused by leaks and breakages.
- **Extra Spare Tiles:** Since the Hook Mat replaces tiles, you'll have spare tiles for future use.
- **Universal Fit:** Designed to seamlessly fit all Plain and Rosemary tiles, making it the versatile choice for any roof.
- **Built to Last:** Made from 100% recycled crumb rubber, the Hook Mat ensures long-lasting performance and environmental sustainability
